

A Personal Thank You to Those Who Serve

To our active service members and Veterans: I want to begin with a simple but heartfelt message: Thank you.

Your willingness to serve our country—to stand in defense of our freedoms and way of life—is something that deserves the highest level of respect. The sacrifices you make, both seen and unseen, are not lost on me or the community I represent.

As your Amador County District 5 Supervisor, I am honored to serve a community that includes men and women like you—individuals who have chosen a path of service, responsibility, and courage.

“Your commitment to this country is what makes everything we enjoy here at home possible.”

My father served in World War II, and my father-in-law served during the Korean Conflict.

Today, when I speak with active service members or veterans, I carry admiration and respect. I understand your service doesn't end when the uniform comes off and I honor you for giving so much.

The freedoms we have must be preserved. We are a great nation due to our active military members, Veterans, and those who gave the ultimate price for us. All Americans should salute you – I do.

I am a strong supporter of our Constitution, including the Second Amendment. I believe in protecting individual freedoms, upholding the rule of law, and ensuring the government remains accountable to the people it serves.

We have a responsibility to take care of those who have taken care of us. With gratitude and respect, Thank You.

Thank you for your sacrifice, your dedication, and your commitment to protecting our country. It is an honor to represent you and your families here in Amador County.

– Brian Oneto
