

WHEN SOMEBODY KNOCKS, REMEMBER THE TRUTH:

“Being informed is critical when casting your vote. I believe core values are important to voters, even in a non-partisan race.

When my opponent knocks at your door and claims her values are similar to mine, as she has stated to me and others, please know I do not find that to be so. In fact, our core values are worlds apart.

**I have a proven track record of being a conservative holding core political values as a Republican.**

**My opponent, by her own public admission on social media, stated her support for Joe Biden and wrote that she hoped “that they see in me the Democratic Party that I represent.”**

I ask you to consider long and hard the direction you want Amador County to head. When re-elected to the board, I will continue working hard on the issues that my constituents are concerned about.

**True integrity means being the same person in public that you claim to be in private. I am that person.”**
